

## **COUNCILMEMBER CARL DeMaio**

FIFTH DISTRICT  
CITY OF SAN DIEGO

March 30, 2011

Having the tools and resources to protect your family from sexual predators is very important. This is why I wanted to inform you of a new website.

The California Department of Corrections and Rehabilitation has unveiled a new website that notifies the public when a sex offender removes a global positioning device ankle monitor to evade supervision in your area.

Information on the website will include the name, description, photograph and last known whereabouts of the offender. E-mail alerts will also be offered free to members of the public who choose.

The website address is: [www.cdcr.ca.gov/parole/gps-wanted-alerts.html](http://www.cdcr.ca.gov/parole/gps-wanted-alerts.html). ✓

If you have any questions or concerns regarding the safety of your neighborhood please don't hesitate to contact my office at 619-236-6655 or email your concerns to [CarlDeMaio@SanDiego.Gov](mailto:CarlDeMaio@SanDiego.Gov)

In Service

Carl DeMaio  
Councilmember

P.S – Attached is additional information from the City of San Diego Police Department on how to keep you and your family safe.
